---

As a motivated and detail-oriented individual with a strong interest in software development, I am actively seeking an entry-level position that will allow me to apply my current skills in web development, problem-solving, and project management while also providing an exciting opportunity to immerse myself in new technologies. Willing to improve into a proficient full-stack web developer, I am excited about accepting challenges, consistently improving my knowledge, and contributing to creative projects that push the frontiers of web development.

---

## SKILLS

- Programming Languages (Java Script, Java, C++)
- Web Development (Reactjs, Nodejs, Express, HTML5, CSS3)
